Christina,

Attached please find correspondence related to earmarked funding designated for Dillon County Library- New Bookmobile I have also attached the Earmarked Appropriations Disbursement Request Form which must be completed and sent back to SCSL before we can disburse the funds. We do not anticipate receiving the funding until September 30 or later. After receiving the funds, you will need to complete a quarterly report every quarter until the funds are fully expended. I have attached the Quarterly Reporting Form. Please let me know if you have questions.
